CREATIVE MULTIMEDIA & CINEMATIC ARTS

If you're passionate about pursuing a career in creative multimedia and cinematic arts, look no further than MMU—the ideal university to nurture your aspirations. Our renowned degrees, recognized for their practicality and industry relevance, equip you to make a genuine and enduring impact in the dynamic world of creativity.

At MMU, our commitment goes beyond traditional education. We aim to empower our students by providing them with expertise and knowledge within an active and dynamic learning environment. This not only enhances your depth of understanding and perception but also significantly boosts your employability upon graduation.

The Faculty of Creative Multimedia (FCM) stands as a trailblazing institution, seamlessly integrating academic study with extensive hands-on work in creative digital technology production. This successful approach has positioned MMU at the forefront of creative multimedia education in Malaysia.

As a part of the Multimedia Super Corridor in Malaysia, FCM played a pivotal role in the initial initiative to develop techno-savvy and innovative creative talents. FCM, being the first faculty structured to tailor programs for the digital creative content industry, introduced Cinematic Arts in 2013, eventually evolving into the dedicated Faculty of Cinematic Arts (FCA). Both faculties boast specialists from the creative industry and researchers from diverse backgrounds under the expansive domain of art and design.

Aligned with MSC Malaysia, we at FCM and FCA employ cutting-edge innovative technologies to keep you abreast of current and future industry needs, ensuring that your education remains relevant and industry-ready.

RESEARCH-LED INDUSTRY-DRIVEN UNIVERSITY

Due to its unique niche as a research-led industry-driven university (RIU), MMU currently has the privilege of serving as one of the nation's leading talent incubators. The university takes immense pride in nurturing and growing students in the digital talent pipeline into competent and responsible members of the workforce, who collectively support both TM's and the nation's growth areas.

The 10 growth areas are Fixed Mobile Convergence (FMC)/ Mobile Content Play, New Convergence growth, SME Digital Ecosystem, Cyber-Security, Smart Services Cloud, Submarine Cables, Content Delivery Network (CDN) dan Data Centre.

Well-rounded Education

Be empowered with the fundamentals of your field of study that also incorporate entrepreneurial skills and expertise which are relevant to your respective industries and job markets.

Industry on Campus

Be connected and gain benefit from our state-of-the-art labs established by our industry collaboration with ZTE, HUAWEI, Microsoft, Intel and many more.

Ready for Industry

Be enthused with Start-up Schemes from the Entrepreneurship Development Centre (EDC) and nurture your entrepreneurship mindset.

We offer programmes which are tailored to the industry's needs.

We produce graduates who are setting new standards in Malaysia's industries. Among our successful alumni are Mohd Nizam Abd Razak (the creator of BoBoiBoy, who has boosted the animation industry in Malaysia), Muhammad Usamah Zaid Yasin (Founder & Executive Director of Wau Animation that produces Ejen Ali), Tan Aik Keong (Director of Agmo Studio, a multi-award winning mobile app development company), Ko Chuan Zhen (CEO and co-founder of Plus Xnergy, a multi-award winning clean energy company in Malaysia) and many more.

PREPARING GRADUATES TO BE INDUSTRY READY AND VERSATILE

Gaining Industrial Experience Via I-CADET

The i-Cadet Programme is an initiative of MMU's Industry-University Partnership Programme, which aims to groom students into industry-ready graduates from the moment they began their degree programmes.

Through this initiative, MMU students would be groomed into industry-ready graduates tailored for their industries of choice. The programme will match students with suitable companies, and then, via a series of meetings and projects, would provide them with the actual working environment within their chosen company.

Developing Well Balanced Graduates Through PERMATA DUNIA PERSONA

MMU is deeply involved with the proper development and realization of human capital potential, as this would enable the university to satisfy the needs of the industries for capable manpower.

Our goal is to produce well-balanced graduates of good character that possess desirable qualities, such as having empathy, sensitivity, creativity, readiness, and resilience, as well as having sufficient technical competence. Such graduates from MMU are referred to as our Permata Dunia, and we are confident that such personages would become capable future leaders for their nation as well as their communities.

We contend that MMU is the best place for student development as we continually strive to bring out the best in each student; we imbue in them with deep knowledge of their respective fields of expertise via lectures, co-curricular activities, development initiatives, and lifestyle choices. MMU is fully committed to making every student's time in the university the best time of their lives.

Expanding Horizon With BYOC

Build Your Own Curriculum (BYOC) is a concept to enable students to imbue additional value into their graduation qualifications so that, upon completion of their studies, they would have better chances of having a career path that is not just financially rewarding, but also fulfilling.

The key to BYOC is allowing students to build curriculum in a guided and yet flexible way. Students may stack up courses based on the free elective slots they have, or by choosing a collective minor package offered by the faculties.

Fostering Future Entrepreneurs through eCadet

Our university is dedicated to nurturing dynamic and resilient student entrepreneurs, empowering them to become founders of high-value startups. Through the eCadet initiative, students will receive early exposure and invaluable insights into the realities of the business world and its ecosystem.

They will have the opportunity to cultivate professional networks, receive expert guidance, and enhance their startup skills by connecting with startups, companies, agencies, and accelerators.

Three reasons why you should study Cinematic Arts at MMU

World Class Filmmaking program in South East Asia

FCA syllabus mirrors USC School of Cinematic Arts CA's curriculum design and best practices. USC helped develop the Faculty of Cinematic Arts film program during the first five years of establishment. With 85 years of experience and a long list of Academy Award-winning alumni, USC is consistently rated the number one film school in the world.

Innovative Block Teaching Approach

FCA uses a block teaching method which runs like a masterclass. It focuses the students on a single course at a time, to ensure maximum understanding. The Two-week workshops are taught by professionals from the industry, both local and international filmmakers, visiting professors and experienced full-time lecturers.

State of the Art Facilities

The Faculty of Cinematic Art features state of the art film making facilities such as Cinema, Sound Stage and Sound Studio.

Note:

Prospective students who are interested to pursue Bachelor of Cinematic Arts need to take Foundation in Creative Multimedia.
